IEEE-1394 FireWire Adapter - 9 Pin to 4 Pin F/M

StarTech ID: FIRE94FM

The FIRE94FM IEEE-1394 FireWire Adapter converts a 9-pin FireWire connector into a 4-pin FireWire connector and is capable of data transfer rates of up to 400Mbps.

While providing a high speed link that saves time during large file transfers (e.g. transferring digital video files from a DV camcorder to a computer, etc.), the 9-pin to 4-pin FireWire Adapter is designed and constructed for both durability and convenience, and backed by StarTech.com's lifetime warranty.

Applications

- Converts a 9 pin Firewire 800 cable for use with a 4 pin Firewire 400 device
- Connect multiple FireWire compliant devices together

Features

- Supports data transfer speeds up to 400Mbps
- Convert a 9-pin FireWire connector into a 4-pin FireWire connector
